As reported by U. S. A. Today, the Epls. star, St. Paul Pioneer Press, the station's N. S. T. P., W. C. C. O., and W. T. C. W. ninety three friendly enthusiastic tennis addicts sponsored by the Senior Tennis Players Club raised the roof of the Club's own tent on the Wimbledon grounds, after watching the greatest tennis in the world. From the best reserved seats, under the covered stand behind baseline, the games on Center and #1 court's were viewed. After a four course dinner on July 4th., our own grand opera singer Marie Wolpert led the group in singing "God Bless America" and "God Save The Queen" - a fitting finally for the day.

Perfect weather, great plays and theatre, exciting evenings in private nite clubs, dancing, cocktail parties, sight seeing trips around London added to what was confirmed as the largest group ever to go together, sit together in the history of Wimbledon, made it truly a trip of a lifetime. Especially enjoyable was the luxurious David Lloyds' private club house, the 18 courts most of us played on, as well as the thoughtful hosting of our group to a special luncheon in the club house after tennis.

Without any complaints, arguments or dissension from the entire group, an over whelming number suggested - let's do it again next year.
